November:

Crop Drop – November 18, 2017 – www.cropdropdestin.com

Crop Drop coordinates with farmers in Florida and Mississippi that glean their fields of produce that isn't sold to the market place and then a freight company delivers a truckload of sweet potatoes and another truckload of corn and cucumbers bringing more than 80,000 pounds of produce to Destin.

Approximately 50 different agencies from our 3 local counties come through to pick up the produce which is prayed over by our prayer team. Once the produce is picked up by these area agencies they will then bring the produce back to their cities and then distribute it to the needy. An estimated 6,000 families/24,000 people are fed from this one event.

CROP DROP DESTIN UMC - Thrivent Financial ~ Emerald Coast Group along with the help of Destin and the surrounding communities looked for a way to help struggling families have a good Thanksgiving meal in the Florida Panhandle.

Participants will engage in team-building and leadership activities and learn a simple model of leadership principles that they will be able to carry with them.
