LET'S GO

Power UP, and Let's Go!

GO BIG, GO BOLD, GO BUILD, and GO BEYOND

John 14:15-30

Matthew 28:18-20

Ready:

From the revealing of the new theme for 2019-2020 "**Let's Go**"

at the FCA Breakfast in February, it's been a busy year, planning, preparing for the end of the school year and to bring in the Camp Season and now we are half way through it....and it seems like we are just getting started!

ECFCA really has such a great community of supporters and we THANK THEM for their support in our two-county wide fundraiser that kicked-off the camp season purchasing of Bibles. What a truly generous way to start the 2019-2020 camp season!

Praise be to God for the desire He has placed on our hearts to expand the ministry's opportunities this camp season We rallied and started to work with work with our hands and feet for His glory and for the benefit of the student-athletes of our two great counties. As we rallied and united the empowerment of this important Theme of "**LET'S GO**" and the opportunities that it will bring us in sharing from Matthew 28.

Camp Update Reports:

On June 21st , ECFCA had our first ever 7 on 7 camp with a Lineman Challenge. We had 5 schools from both counties come and enjoy FCA's values in the game of football, Integrity, Service, Teamwork, and excellence. We were so humbled to see these team-mates, coaches, and community volunteers love the sport and above all love the time we had in sharing the word of God. This fulfillment of a vision that expanded our faith in HIM encourages us with a greater need to continue to go **Boldly** and share in HIS VISION with our athletes and coaches for the up and coming school year.

We had over 285 football players and coaches attend what we hope to be an event that will grow beyond our measures and for His Glory next year.

The community was a major supporter with their love for football as they helped with registration, refereeing, and feeding these very hungry players and Coaches.

I will say it was a major **WIN** for the Kingdom of God as only He brings His spirit and filled in each person's heart during this event.

We thank Reggie Hutchins, FSU - FCA team Chaplain, come over and share a great sermon for our athletes and coaches. We celebrate the **BIG WIN** of 40 athletes and coaches that reaffirmed their life to Christ and we are super excited about continuing our relationship with FCA and these teams.

We now are once again POWERING UP for our August 2-4 Leadership Camp Training and ask that you say this PRAYER out loud with us, for our first ever Student LED-Leadership Camp, we are asking for prayers that we will be in HIS Spirit as we FCA staffers, guide our STUDENT LEADERSHIP BOARD AMBASSADORS, in the planning and support them as they prepare to ran by this year camp along with blessing from our volunteers that will be coming to support this ministry training time.

Let us Pray,

Heavenly Father full of Grace, and Mercy, we praise you for your Son and His Spirit that joins us in prayer, asking for discipline, guidance, and joy as we spend time in mentorship and in HIS word preparing our hearts to serve our incoming student leader for Okaloosa/Walton County School Huddles, Pray that each student that attends will Power Up, Go Big with all the authority in heaven and on earth in their leadership for the camp and in their **BOLDNESS**, to go and make disciples of all nations, with their testimonial of leadership in their life walk, sharing how to **GO BUILD**, and teach others how to obey all the commands that God has given them, and to **GO BEYOND** all expectations and KNOW that HIS with them through it ALL to the end of age. In Jesus Name amen!

3D Coaching

WHAT
LEGACY
WILL YOU LEAVE AS A
COACH?

Free to Play

When athletes are coached in all 3Dimensions, they experience a freedom to play at their very best. Unfortunately, the majority of coaches only have strategies to deal with their athletes in the 1st Dimension. This often produces a culture of fear that breeds a performance-based identity for the athletes in the program.

What if your coaches had practical strategies to motivate athletes from the inside out? What if the athletes in your programs understood that their value and self-worth were inherent, not predicated by their performance? What if they were free in the pressurized moments of sport to let their training take over and just play? When this happens, it's a

beautiful thing. We can help.
